OMICS - Project Application Form

Please fill out in block letters:

Project

_____

Project name

_____

Institution/Organisation

_____

Email-Address

_____

Telephone number

_____

Project Leader

_____

Start Date

_____

End Date

Project Description:

Used Software

Note: The software has to run on the current Debian Stable. The licence of the software has to allow to run it on compute clusters without any restrictions. There is no graphical user interface available on the compute nodes.

Computational Ressources

Permanent Storage Capacity: _____ GB (0.20 € per year and GB)

CPU Hours per Partition:
Examples: 2 hours of computing on 48 cores means 96 CPU hours. 2 hours on one core means 2 CPU hours

_____ h

Debug (max 12h per job)

_____ h

Shortterm (max 3d per job)

_____ h

Longterm (max 14d per job)

IM FOCUS DAS LEBEN

Funding

_____ € _____ _____
Dedicated budget for the OMICS-Cluster   Cost Centre Number   Cost Centre – Responsible Person

_____
Date, Signature and Stamp (Cost Centre-Responsible Person)

Declarations

We declare herewith that..

- ..there is currently no computational ressources in our group/institution to meet the challenges of this project.
- ..the data transferred to the OMICS-Cluster doesn't contain any personal information that could potentially compromise the identity of the probands or patients.
- ..the users will be responsible for the backup of the project data. The IT-Service-Center is not responsible for data loss.
- ..the project directories will be deleted by the IT-Service-Center 30 days after the project's end date.

_____
Date, Signature and Stamp (Project Leader)

Please fill out the OMICS - Users Form too.

To be filled by IT-Service-Center. Leave this area blank!
